

A letter from Santa

It seems you have been lucky enough to receive a brand new device for Christmas this year. I am sure it will bring you lots of joy and will be a great way for you to learn, connect with friends and have some fun. Having a device is also a big responsibility, and so I ask you to follow these rules to keep you safe and to ensure it remains a positive addition to your life.

You will always check with parents or an adult before downloading a new app or game

You will not share your passwords with anyone except parents or a trusted adult

You will stick to time limits set by parents and will put away the device when it is time to do other things

You will choose a place to store your device when you are not using it so you always know where it is

You will always remember that when you say things online, lots of people can see, and it cannot be deleted.. So always be kind

You will not 'friend' people you don't know and will check with an adult if you are unsure.

You will speak to an adult if something doesn't feel right.

You will remember to do lots of outside play and play with other toys as well.....
.....and enjoy!

from Santa
